## Assessing Test Results

### PASS

Lines are inside the boxes (mostly) and the shapes look more or less like the desired shapes. This shows enough eye-hand coordination and hand strength to begin handwriting instruction.

### PASS

This shows fairly good eye-hand coordination but a lack of arm strength. Could start with handwriting, but needs extra time to build hand and arm strength.

### NOT A PASS

Multiple lines are outside the boxes. Only a few shapes look more or less like the shapes being copied.

### NOT A PASS

Eye-hand coordination is not yet developed enough to engage in a handwriting program. Needs more time and practice with simple crafts to develop hand strength and basic motor skills.
